CHIEF SECRETARY

GOVERNMENT OF MAGHALAYA

Dear Mr Brokensha,

How refreshing and encouraging to receive your letter and what a wide and interesting range of communities you too have been working with since leaving Cambridge. I wonder whether you have visited Christ's again since 1949? I was over for a brief visit in 1971 and it was good to have a chat again with my old tutor, Dr Peck.

I visited Berkeley in 1964, when I was shown around by Dr Leo Rose. In case you know him and ever have occasion to see him, do please remember me to him. (But I know yours is a country of vast spaces¹)

Hoping we may meet one day,

Yours sincerely,
(N.K. Rustomji)
