Good Samaritan_ came to the rescue

Bernard W Riley,
Fish Hoek

I write to express my appreciation of the young woman who helped me about 1 pm on October 18, when (in getting out of a car) I had fallen out of my wheel-chair on Kommetjie Road, between Second and Third avenues.

My companion was unable to get me up on his own, and our good Samaritan abandoned her parcels and rushed to help me back to my wheelchair.

This is typical of many acts of kindness and sensitivity I have experienced in my three years in Fish Hoek, and it contrasts with reactions I have had in other countries
